## Madaba

Have you been to Madaba? It is known for its Mosaics. It is about 30 kilometres south-west Amman. It is about 790 metres above sea level. One of the most important discoveries was the Mosaic Map of Mdaba. Mount Nebo, which is near Madaba, is one of the most important tourist sites. It has 345 millimetres of rain a year. In the summer it's about thirty-five degrees Centigrade. There aren't any skyscrapers in this city. Today lots of visitors go to this city to see the mosaics every year.
