

## 10<sup>th</sup> Grade - First Exam First Semester

## **Question Number One: Reading Comprehension (15 points) Read the following paragraphs carefully then answer the questions below:**

Emily Cummins began inventing when she was only four. She enjoyed making things from waste material, like making toys from old things. **She** found in her grandfather's garden.

As she got older, she learnt more about different materials and how to use different tools. She was working on a school project when she had an idea to help millions of people – a small, portable fridge to keep medicines or small food items clean, dry and cool.

In many parts of the world, people haven't got electricity. However, that doesn't mean they have to live without a fridge .Emily's fridge is ideal because it doesn't use electricity.

1- From where did Emily get her first materials?		
2- What does the underlined pronoun refer to?		
3- What was she doing when she got her ideal idea?
