السؤال العاشر

**Basketball nowadays has become one of the world's 1
most popular sports. In fact, it was invented in 1891 CE
in Springfield, Massachusetts, USA, by the Canadian
teacher Dr James Naismith. He wanted to create a sport
that his students could play indoors during the cold
months of winter. The first basketball game consisted of
two teams of nine players each. They had to pass a
football from one end of the room to the other and
throw it into the wicker basket that was attached to the
wall at either end. Every time the ball was thrown into
the basket and a point was scored, a player had to climb
a ladder to get the ball back. It wasn't until the year
1906 CE that metal hoops, nets and backboards were
introduced, and basketball became the sport as we
.know it today**
