We went to Queen Alia International Airport on Saturday. It is the biggest airport in Jordan. There is a new building. His Majesty King Abdullah II opened the new building in March 2013. It is very big and very modern. I think that it looks beautiful. The windows are really big. You can watch the planes take off and land. There is a mosque. There are also a lot of shops, cafes and restaurants inside the building. It's great!

My father told my brother and me about the airport while we were waiting for my uncle and aunt. The new building is more than 100,000 square metres. That's about the same size as two of the old buildings! More than 1,000 planes land and take off from the airport every week. Many people come here every year.

I liked the airport very much. A lot of other people like the airport too. The airport has won some prizes!

Aunt Muna: Thank you, Samira. Here's a present for you and Kareem. It's from Lebanon.

Flying to Abu Dhabi by Majeda

When we flew to Abu Dhabi last summer it was fantastic. I've never flown in a plane before, so it was really interesting. We packed our suitcases and we drove to the airport. There were a lot of people at the airport. Mum and Dad had everything we needed.

First of all we checked in. My sister Alia was very excited. She started to play while we were checking in. Then we went into the airport. It's a big, modern building. There are a lot of shops, cafés and restaurants. We had lunch in a restaurant while we were waiting. Then we boarded the plane. We enjoyed our journey. Alia played with her teddy bear while we were flying. I read my book. We ate a meal while we were flying, too. When we landed we phoned our friends. We had a fantastic holiday!
